

10. An electrical assembly, comprising:
at least one electrical conductor;
a flexible electrical tubing having an end, said tubing loosely carrying said at least one
electrical conductor therein; and
5 an electrical connector having at least one electrical terminal, each said terminal connected
with a corresponding said electrical conductor, said electrical connector solely hermetically
sealing said tubing end.

14. An electrical assembly, comprising:
at least one electrical conductor;
a flexible electrical tubing having an end, said tubing loosely carrying said at least one
electrical conductor therein; and
5 a plug solely hermetically sealing said tubing end, said at least one electrical conductor
extending through and sealed with said plug.

REMARKS

Claims 1-17 are pending and rejected in this application. Claims 1, 10 and 14 are
amended hereby.

In the above referenced Office Action the Examiner indicated that the Office Action was
responsive to a communication filed on January 11, 2002. Applicants have no record of a filing
on that date, rather Applicants filed, on November 29, 2001, a response to an Office Action dated
September 19, 2001.
